## Rules of Play & Dealing Procedures

Lucky 8 is an optional bonus wager used in the game of Mini-Baccarat. All rules pertaining to standard Mini-Baccarat are as stated in the approved rules of play posted on the WSGC website under “Authorized Games”.. Players may place a wager on the Player hand, the Banker hand or a Tie or any combination thereof. In addition, Players may place a Lucky 8 Bonus wager on the Player’s hand, the Banker’s hand, or both. Lucky 8 bonus wagers placed on the Banker’s hand and on the Player’s hand may be of unequal value. Casino operators choose which of the bonus wagers they will offer, subject to the limitations and definitions in WAC 230-15-040, WAC 230-15-140 and any restrictions contained within these Rules of Play. On games where there are more than four wagering options for players; the players are limited to wagering on a maximum of four of the options. One of the four wagers must be limited to \$5.00. Card room operators are required to post this four wagering spot restriction on the layout of the game. Each bonus wager may be made at the player’s option and there is no effect on the primary game and no changes in player strategy. On games where there are more than four wagering options for players; the players are limited to wagering on a maximum of four of the options. Card room operators are required to post this four wagering spot restriction on the layout of the game. Minimum and maximum wagering limits are established by the casino operator in accordance with the limits set in WAC 230-15-040, WAC 230-15-140 or their specific regulatory body. All wagers must be made before any cards have been revealed.

To win the Lucky 8 wager, the corresponding hand that was bet must equal a point value of 8 (as determined in the standard rules of Mini-Baccarat.) Winning wagers are paid odds according to a posted payable. A sample of such a pay table follows:

Hand value	Pays (to 1)
Double Suited 8 (both hands = 8; consists of 3 suited cards each) .....	200
Suited 8 (hand value = 8; 3 suited cards).....	50
Double 8 (both hands = 8) .....	25
Unlucky 8 (hand value = 8; opposing hand = 9).....	8
Lucky 8 (hand value = 8) .....	3

After the cards have been dealt and the hand outcome determined, the dealer will act on each hand beginning with the player on their immediate right and remove all losing wagers. The dealer then moves to each successive player counter-clockwise, one player at a time and similarly removes all losing wagers before advancing to the next player. After acting on all losing wagers, the dealer will pay each player in succession, again beginning with the player on their immediate right and continuing counter-clockwise. The primary mini-baccarat wagers are paid prior to the Lucky 8 bonus wagers.

The house may establish a maximum aggregate amount that is paid per round. Such aggregate limit shall be clearly posted at each table.
